## RAWR IS STILL WORKING

Despite the lockdown and the enormous changes this has necessitated we are still here thank goodness.

After the big floods in Bantry last August which hit the RAWR shop, we moved to new premises in Bridge Street Bantry (eir code P75 YY45 if you want to look us up) hoping to be up and running again within weeks . But apart from one Friday opening, and a few days before Christmas, we had to close down again and have had to remain closed. With closure we have lost our primary source of funding.

We are still working quietly behind the scenes and our dedicated trappers have been out and about despite the temperamental weather – it seems it has either been freezing cold, blowing a gale or flooded – or a combination of all three!

If you would like donate to RAWR – any amount is welcome – you can do so by using the donate button on our website at [www.rawr.ie](http://www.rawr.ie) where you can pay with a credit or debit card, or via PayPal to [penny.rawr@yahoo.com](mailto:penny.rawr@yahoo.com) or by sending a cheque to Rural Animal Welfare Resources, Snave, Bantry, County Cork P75HT35. If you can, you will be helping animals like these:

## IRENE

One of the feline souls we've helped so far, is Irene. Irene is currently looking for a home, she's a gentle girl about 3yrs old. Irene survived being hit by a car but lost an eye. Irene's current hobbies include... well, sleeping on her foster human's bed (and in the vegetable rack by the look of it) and eating large amounts. She's looking for a forever home as a companion. Irene is neutered, chipped and fully vaccinated. A home check and adoption fee will apply.

### LILLY

The photo on the left is Lilly when she came into our care. This tiny little one was found in a ditch, full of flu and terribly underweight and small for her age.

Here on the right is Lilly today. It has taken a while but she has recovered well and is looking much better.

Lilly has been cared for since her recovery by one of our foster volunteers with her adopted brother Charlie.

Charlie and his three brothers were also sickly when they were trapped. All three of his brothers had serious eye infections and, sadly, each of them required surgery to remove an eye which had already gone too far to save. The up side of this story is that they each have one good eye which the vet was able to save and all of them have recovered well and have found loving homes.

### CHARLIE

Lilly and Charlie have become close friends while in foster and are now looking for their forever home together. If you would like to give these delightful furry companions a home please send a personal message to our facebook page or email us at [info@rawr.ie](mailto:info@rawr.ie)

And don't forget, if you can't rehome, any amount you can donate is used to help the animals. RAWR is a registered charity and run entirely by volunteers.

We would like to say a big THANK YOU to SUSY who has been busy making and selling face masks and donating the proceeds to RAWR. Susy has raised over €2500 which is a big help during this tough time.
